

PRESS RELEASE

PERMITIUM ANNOUNCES THE RELEASE OF VITALDIRECTOR FOR HOPKINS COUNTY, TX.

Permitium is a leading provider of cloud-based software for vital records offices around the country focused on extending government services to communities. Today, December 1, 2021, Permitium is excited to announce that the Hopkins County Clerk's Office is now utilizing VitalDirector. VitalDirector offers the citizens of Hopkins County the ability to manage the processing, payment, and issuance of birth, death, and marriage certificates online. Hopkins County Clerk, Tracy Smith, implemented the convenient self-service option to their citizens this month. "We have partnered with Permitium to give Hopkins County a fast, easy, and affordable way for our citizens to request certified copies of birth, death, and marriage certificates online," says Tracy. "The ordering process with VitalDirector ensures statute compliance, accelerates turnaround time, increases security, automates, tracks, organizes, and streamlines vital records ordering for applicants in Hopkins County."

Permitium's Managing Partner, Matt Solomon, states "I am excited to announce the partnership with Hopkins County. I admire the pivot that Tracy made by recognizing the recent demand for their citizens to have the ability to order vital records online. The solution allows citizens to initiate the request for vital records through a common interface for walk-in and online application submissions. VitalDirector aligns with their priority of keeping their staff and citizens safe while providing the best service possible."

Permitium has been partnering with innovative vital records agencies since 2009 while currently serving over 42 million citizens across the United States. Today we celebrate the forward thinking of Tracy and her team, who prioritized convenient access to government resources for the citizens of Hopkins County by implementing VitalDirector. We look forward to a continued and beneficial partnership for years to come.
